OPEN STUDIOS

Harborough Artists Cluster invites you to meet artists in its Springtime Open Studios weekend. You can take a fascinating tour of the artists' studios through the lovely towns, villages and countryside of the Harborough area.

Harborough Artists Cluster hosts this event on the weekend of 13th and 14th May, from 10am – 5pm, when all the artists' studios featured in the numbered section will be open.

HOW TO USE THIS GUIDE

Participating artists' names are listed in alphabetical order and has a reference number for each artist which is shown on their information panel in the Artists pages.
The centre of the booklet features a diagrammatical location map showing each artists' reference number in the town or village where you can find their studio and work on display.
Also included is a quick-contact index of participating artists, more information about Harborough Artists Cluster, a directory of artists and details of our Autumn event, Art Windows which takes place in the town centre.

COMMENDED FRAMER

For over 10 years we have been framing for artists, photographers, businesses and households throughout Harborough and the surrounding areas. We're keen supporters of local artists and creative groups and are pleased to again be a sponsor of the Harborough Artists Cluster.

From our workshops on Bath Street we offer a skilled and friendly framing service. All our frames we make to order, which we cut, mount, assemble and finish on-site. We don't outsource any of our work, so nothing leaves our hands.

As members of the Fine Art Trade Guild (FATG) and as qualified Guild Commended Framers (GCF) you can be assured that your art is in safe and professional hands and will be finished to the highest standards.

We are also experienced giclée art printers, producing print editions from artists' originals. This cost effective process has seen many local artists' work reproduced, sold or displayed all over the world. We are part of the FATG ArtSure scheme which assures the highest quality of print standards for art and photography.

And we're a friendly lot, so do call in and let us help you with your picture framing or printing needs.

More about Harborough Artists Cluster

Harborough Artists Cluster is a group of artists, photographers, designers and makers active in Harborough and its neighbouring towns and villages. It is an informal group evolving all the time, coming together for meetings and events. There is an average of 20-30 artists at any given time, which shows how much art and making is happening in this region. The HAC offers two events every year, Open Studios in Spring and Art Windows in Autumn.

- Open Studios gives visitors the chance to meet artists in their working environment, while enjoying the beautiful countryside en route.

- Art Windows is a unique month-long exhibition in Harborough itself, where shops and local businesses display our work in their windows. Finding art on a fun trail around the town centre, visitors discover the wealth of Harborough's independent businesses and shops along the way.

At other times, many of our artists offer individual tuition, workshops and group classes as well as taking part in exhibitions and other arts events of their own. You can find out more about the Harborough Artists Cluster members and keep up with all the news on the website and Facebook.

Website: www.harboroughartists.co.uk
Facebook: https://www.facebook.com/harborough.artists

You can also see and buy work made by artists from the Cluster throughout the year in Quinns Bookshop and Gallery, Three Crowns Yard, High Street, Market Harborough, LE16 7AF.
